

EVSC Virtual Academy Readiness Checklist for K-8 Students

- Student must have regular access to a computer with internet access and a printer.

- Student must be a self-motivated learner to study regularly and interact regularly with learning coach and teacher.

- Because the student and teacher do not meet every day, the student will need a learning coach at home to assist with instruction, regularly check progress and observe study habits. The student and parent/guardian must be willing to reach out to the teachers or administrator through email or phone calls when they become frustrated or need assistance with the curriculum.

- Student must study regularly according the grade level weekly study plan and as directed by the teacher and attend regular progress check meetings with the teacher.

- The student must possess basic computer skills or be willing to learn the skills needed to manipulate the online curriculum to learn the material and complete assignments, projects, and assessments.
